Addendum to Board Meeting Minutes

Amending the Membership Agreement and By-Laws

The board has had past discussions about the need to make some changes in the Membership Agreement and By-Laws. In order to start this process, there must be a documented vote by the board to proceed. Any changes made must be brought before the members and require a vote and quorum to make the changes permanent. The newly amended documents will be filed with the Secretary of State.

Shoshi made a motion via email that the AOTG Membership Agreement, and By-Laws if necessary, be amended to update changes in policy and operating procedures of the gallery. This motion was passed unanimously.
